

SPECIAL PROVISIONS FOR MULTI-USER FUNCTION

These provisions, the “Multi-User Provisions”, apply for additions of services that enables up to nine sales companies (“Users”), in addition to the Sales Company, to connect their individual card-transaction settlement agreements with Bambora to the Sales Company’s Equipment under the Sales Company’s responsibility, with the same terminal settings as the Sales Company.

The Multi-User Provisions constitute a complement to the general terms and conditions which apply for the agreement concerning Card Transaction Settlement (the “Main Document”) which has been concluded between the Sales Company and Bambora. In the event of any conflicts between the Main Document and the Multi-User Provisions, the Multi-User Provisions shall take precedence. Capitalised terms used in these Multi-User Provisions shall have the same meaning as defined in the Main Document.

The Sales Company is responsible for its own and the Users’ use of the Equipment and hereby assumes the Users’ obligations in relation to Bambora under the Agreement, and hereby agrees to indemnify and keep indemnified Bambora for all Users’ (including such Users’ employees and consultants) possible unauthorized actions.
3. If the Sales Company wishes to discontinue the Multi-User Function, add or remove Users, or if the Sales Company does not have the Multi-User Function but wants this function, the Sales Company may at any time contact Bambora for immediate deactivation or activation, whereby the Sales Company, upon deactivation, will be invoiced for the cost of the Multi-User Function for the current month.
4. In no event shall Bambora be liable for or in relation to the Sales Company’s or Users’ incorrect use of the Equipment, including but not limited to any use in violation of this Agreement and Bambora’s Instructions from time to time.
