THE INTERNATIONAL
HOSPITALITY SOLUTION

Thanks to experienced experts and partners, Worldline is an international market leader in cashless payment transactions. With Worldline, you have a partner you can rely on based on decades of experience in the hospitality sector. We offer you payment solutions of the highest standards that meet all your customer's cashless payment needs.

Our Hospitality Solution includes card acceptance at the payment terminal and online, fast and reliable transaction processing, seamless integration of terminals into your infrastructure and hotel management systems, as well as useful value added services. It can also be tailored to your requirements, from allowing your guests to pay in their local currency at the touch of a button through to integrated fraud prevention. This makes cashless payment even more straightforward and transparent for you – and even more convenient for your guests.

YOUR ADVANTAGES WITH WORLDLINE:

- Acceptance of all major national and international credit and debit cards and mobile payment solutions
- Global Gateway for e-commerce
- Value added services such as dynamic currency conversion (DCC)
- Reporting by location for a better overview and reconciliation
- Terminals with different communication methods (LAN, Wi-Fi)
- Autonomous and mobile terminals available (purchase & rent)
- Omnichannel payment solution
- Fraud Free – built-in fraud prevention
- Tokenisation solution for one-click checkout or recurring payments
- Simple integration
- The most stringent security standards thanks to 3-D Secure and PCI DSS
