

# Worldline Crypto Payments

**PAY IN CRYPTOCURRENCIES QUICKLY AND CONVENIENTLY  
USING A SMARTPHONE: AT THE POINT OF SALE AND IN ONLINE SHOPS**

Cryptocurrencies are enjoying increasing popularity as an alternative means of payment and offer your customers another way to make quick, contactless payments. Worldline Crypto Payments is easy to integrate and enables payments to be made in cryptocurrencies at the point of sale and in e-commerce. Our portfolio includes the most well-known and highest-turnover cryptocurrencies Bitcoin/Bitcoin Lightning and Ethereum as well as the stablecoins USD Coin, USDT and XCHF.

## ACCEPT PAYMENTS IN CRYPTOCURRENCIES

### Worldline Crypto Payments at the point of sale

The Worldline Crypto Payments app is available in the Google Play Store and App Store and is quick and easy to install on your Android/iOS device. Offer your customers payment in cryptocurrencies – without any additional infrastructure required. The generated QR code is shown on your device's display and is scanned by the user of the crypto wallet.

### Worldline Crypto Payments in e-commerce

Crypto Payments is an easy and quick payment solution in e-commerce. Enable your customers to pay in cryptocurrencies and integrate Crypto Payments in your online shop. Crypto Payments is connected via the payment service provider Saferpay.
