

Axium EX4000 Portable

The smart terminal for modern payments

Compact, lightweight, and easy to carry – the Axium EX4000 Portable is the ideal choice for anyone who needs to accept payments on the go. With its Android operating system, the user experience feels familiar and intuitive for your customers.

The slim and compact Axium EX4000 Portable makes payments simple and convenient. Quickly tucked into your pocket, it allows you to accept payments anywhere with ease.

The reliable battery ensures all-day operation without interruption. Payments can also be processed sustainably, as customers can receive their receipt via QR code – completely paperless.

Compact, ultra-light design with multiple advantages

- Ideal entry-level device for small businesses
- Modern terminal powered by Android
- Flexible use via 4G or Wi-Fi
- Digital receipts via QR code
- Fast payments with contactless functionality
- Latest security standards: PCI PTS 6.x
